

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

MINUTES

OF

THE ANNUAL MEETING

HELD

IN CLARENCE PLACE HALL, BELFAST, ON APRIL 5, 1897.

The Chair was taken by SIR JAMES MUSGRAVE, Bart., D.L.

The meeting was opened with prayer by the Rev. WM. DOWSE, M.A.

The Report was read by A. D. LEMON, Esq., J.P., one of the Hon. Secs.

The following Resolutions were passed unanimously :—

Moved by the CHAIRMAN, seconded by the Rev. WM. DOWSE, M.A.

"That the Report now read be adopted, printed and circulated, with the Treasurer's Account, and such appendix as the Governors may deem necessary."

Moved by the MODERATOR OF THE GENERAL ASSEMBLY, seconded by the Rev. J. B. CROZIER, D.D., Rector of Holywood.

"That this Meeting hereby expresses its gratitude to Almighty God for the measure of success which has attended its operations hitherto, and desires to take the present opportunity of impressing upon all friends of the cause the duty of bringing under the notice of the Governors the cases of any uneducated deaf and dumb and blind children in the Province of Ulster, with the view of securing for these afflicted ones the benefits this Society is capable of affording."

Moved by ROBERT THOMPSON, Esq., J.P., Drum House, seconded by Rev. J. J. MAJOR, Belfast.

"That the following be appointed Governors for the ensuing year."

[*See Second Page.*]

Moved by J. BLAKISTON HOUSTON, Esq., V.L., and seconded by the Rev. WALTER RIDDALL, D.D., and passed unanimously.

"That the best thanks of the meeting be given to SIR J. MUSGRAVE for his kindness in presiding."

The Benediction was pronounced by the Rev. CANON CROZIER, D.D.

REPORT.

THE Governors of the Ulster Society for Promoting the Education of the Deaf and Dumb and the Blind have pleasure in presenting to the members and friends of the Association their 65th Annual Report.

PUPILS.

At the commencement of the year there were 95 pupils in attendance in the School, and 18 new pupils were admitted during the twelvemonth. 26 pupils left, a number considerably in excess of the average, most of them having attained the age at which they had to leave in accordance with the provisions of the Scheme. Of the 87 pupils remaining, 72 are deaf and dumb and 15 are blind. Every eligible candidate for whose admission application has been made has been received into the Institution. By eligible must be understood any child between the ages of 8 and 13 who is capable of receiving instruction and is in fair health. The Governors believe, however, that there must be a considerable number of uneducated deaf and dumb and blind children, belonging to all classes, in the Province of Ulster, to whom this Institution would afford incalculable benefits, and they appeal to the local honorary secretaries of the auxiliaries, and to all friends of the cause, to seek out these afflicted children in their several localities, with the view to their admission either as boarders or day pupils.

OFFICERS.

In the Annual Report for 1895, the Governors informed their friends and the public that Mr. J. H. Brown, M.D., of Jacksonville, Illinois, U.S.A.. had been appointed Head Master, in room of Mr. Bryden, who had been pensioned on account of the state of his health, However, about a month before Dr. Brown had agreed to start for England, his health gave way, and he was obliged, therefore, to tender his resignation, which was reluctantly accepted. The Governors *then, after* further careful consideration, and with the kind assistance and

recommendation of Dr. Gallaudet, President of the National Deaf Mute College, Washington, secured the services of Mr. J. A. Tillinghast, M.A., of Boulder, Montana, U.S.A., who entered on his duties on the 1st of September last. Judging from the intelligent and assiduous manner in which Mr. Tillinghast has taken up his work, the Governors are of opinion that the Institution will greatly benefit by his appointment. The Governors have also much satisfaction in stating that all the Officers in their respective departments have discharged their duties conscientiously and efficiently.

The annual public examination of the Schools was held on the 25th of June, under the presidency of Sir Wm. M'Cammond, and the pupils acquitted themselves very well. The Government Inspector did not pay his usual annual visit until the 15th of February, 1897, and the result has not yet been communicated to the Governors, but a short report from the new Principal is submitted.

MR. TILLINGHAST'S REPORT.

"It gives me pleasure to report everything in the Institution to be in a most satisfactory condition. Our educational work is progressing steadily with very gratifying results. The pupils have been carefully classified according to a graded course of instruction, calculated to draw out in each pupil a continuous development until the highest standard of education we are able to give has been reached. Everything that can further our work or render it more efficient is being provided from time to time.

"Besides mental and moral training, we are doing a good deal for the physical well-being of our pupils by means of our Gymnasium, which is in every way a fine one.

"By the recent appointment of a Female Supervisor, provision has been made not only for the careful supervision of the girls out of school hours, but also for their systematic efficient instruction in plain sewing, knitting, etc., with very gratifying results; and it is hoped that ere long satisfactory arrangements will have been completed for providing industrial training for the boys, both deaf and dumb and blind.

"(Signed) J. A. TILLINGHAST, Principal."

AUXILIARIES.

During the summer and autumn deputations visited 122 of the 143 auxiliaries in existence, and they received the same kind and cordial reception which has been accorded for so many years. The interest in the Society continues to be well maintained, and on the whole the returns are about an average. The *Governors* tender their sincere

thanks to the honorary officers of all the auxiliaries and to the undermentioned clergymen who accompanied Mr. Tillinghast and Mr. Beattie with two of the pupils:—

Rev. Michael Beattie, Chaplain, Missions to Seamen.
Rev. J. H. Bennett, A.B., Templecorran and Kilroot.
Rev. W. L. Berkeley, M.A., Belfast.
Rev. J. M. R. Dale, Mountnorris.
Rev. W. H. Davis, M.A., St. Jude's, Belfast.
Rev. George Duncan, M.A., Ballylesson.
Rev. J. E. Ferguson, B.A., Randalstown.
Rev. J. C. Ferris, Windsor, Belfast.
Rev. M. B. Hogg, A.B., Keady.
Rev. G. A. Kennedy, M.A., Aghadowey
Rev. Thomas Kingsborough, Kildarton.
Rev. R. M'Clean, Castlecaulfield.
Rev. J. M M'Ilwrath, M.A., Belfast.
Rev. J. H. Mervyn, M.A., Chaplain to the Forces, Belfast.
Rev. D. Morton, B A., Newtownstewart.
Rev. L. Storey, A.B., Ardclinis, Carnlough.
Rev. W. Thompson, D.D., Layde, Cushendall.
Rev. Hans Woods, M.A., Fountainville, Belfast.

The following legacies were received during the year from deceased friends of the cause:—

Mr. Robert Henderson, Clarges Street, London, ...	(nett)	£200	0	0
Miss Houston, Duncairn Street, Belfast	,,	22	3	3

In conclusion the Governors commend this Society, and the afflicted classes for whose welfare it is carried on, to the continued sympathies and liberal support of the Christian people of Ulster.

MINUTES

OF

THE ANNUAL MEETING

HELD

IN MINOR HALL, Y.M.C.A., BELFAST, ON MARCH 15, 1898.

The Chair was taken by MR. J. BLAKISTON HOUSTON, V.L.

The meeting was opened with prayer by the Rev. H. M. WILLIAMSON, D.D.

The Report was read by A. D. LEMON, Esq., J.P., one of the Hon. Secs.

The following Resolutions were passed unanimously :—

Moved by the CHAIRMAN, seconded by the REV. S. D. BURNSIDE.

"That the Report now read be adopted, printed and circulated, with the Treasurer's Account, and such appendix as the Governors may deem necessary."

Moved by the MODERATOR OF THE GENERAL ASSEMBLY, seconded by the REV. A. J. CLARKE, M.A.

"That this Meeting desires to record its thankfulness to Almighty God for the success which has attended the operations of the Society during the past year, and, in view of the highly satisfactory results which have followed the legislation for England, Wales and Scotland, in making it compulsory to educate the Deaf and Dumb and the Blind, heartily approves of the Petition which it is proposed to present to the Chief Secretary, in the hope that similar legislation may be extended to Ireland during the present session of Parliament."

Moved by JOSEPH CUTHBERT, Esq., J.P., seconded by D. A. BLACK, Esq.

"That the following be appointed Governors for the ensuing year."

[*See Second Page.*]

Moved by A. D. LEMON, Esq., J.P., and passed unanimously.

"That the best thanks of the meeting be given to Mr. J. BLAKISTON HOUSTON for his kindness in presiding."

The Benediction was pronounced by the MODERATOR.

REPORT.

IN presenting to the members and friends of the Ulster Society for Promoting the Education of the Deaf and Dumb and the Blind their sixty-sixth Annual Report, the Governors are thankful to say that, under the Divine blessing, the past year has been one of encouragement and progress in the prosecution of the great work for which the Society was established.

At the close of the year 1896 there were 87 pupils in attendance. 18 new pupils were admitted, and 1 old pupil was re-admitted during 1897. 16 pupils left, most of them having attained the age at which they had to leave in accordance with the Government regulations. Of the 90 pupils on the roll on the 1st of January, 1898, 76 are deaf and dumb, and 14 are blind.

In their last Annual Report the Governors referred to the appointment of the new Principal, Mr. J. A. Tillinghast, M.A., and they are now able to state that their anticipations as to the wisdom of that appointment have been fully justified. Certain alterations which he introduced, the result of his experience as Superintendent of the School for the Deaf and Dumb and the Blind in Boulder, Montana, United States, have worked very successfully. Nor has the physical training of the pupils been stationary. It is well known that mutes are usually less robust than children who can hear and speak, hence the necessity for regular physical exercises to strengthen the constitution. Taking advantage of the opportunity afforded by the voluntary resignation of the Instructor, who had been employed since the opening of the new Gymnasium in 1891, the Governors made a change in this department, and the Boys' Supervisor, who holds a certificate from the National Physical Recreation Society for elementary drill, now conducts gymnastic classes daily, and the time devoted to this important part of the education of the pupils is nearly double what it was a twelvemonth ago.

Since September last special attention has been given to industrial training, certain members of the staff having, during the holidays, attended special classes in England to qualify them for this new work. A few of the deaf and dumb boys are being taught Slöyd Carpentry;

others, as well as some girls, are undergoing a course of Kindergarten training and freehand drawing. Four of the elder girls are being trained as laundresses, and the remainder are learning to sew, knit, and mend their clothes. The blind are being instructed in mat weaving, and are about to be taught clay modelling, in order to train their fingers in delicacy and accuracy of manipulation. Although it is rather early to speak of results, the progress already made shows that a step in advance has been taken, which, the Governors hope, will better fit the pupils for earning their own living when the time shall arrive for them to leave the Institution.

The health of the children has been exceptionally good, and the Governors are of opinion that the Institution was never in a more efficient condition than it is at the present time.

The Governors have pleasure in being able to report that the Principal has been ably supported by the other officials in their respective positions, and that each and all have performed their duties heartily and well.

The Inspector under the Education Endowments Commissioners paid his annual visit on the 19th of November last, and the following is a copy of his report, which refers to the inspection made in 1896 as well as that of 1897 : —

"The former Head Master, Mr. James Bryden, resigned through ill health on 31st January, 1896, and receives a pension. His successor, who came from a similar Institution in the United States, was appointed on 1st September, 1896. For some months before Mr. Bryden's resignation he was absent from duty through illness, so that for about a year the school was without a Head Master, the Senior Assistant giving efficient service in that capacity. This long interval was unavoidable, as the Governors had selected from their list of applicants another gentleman, resident in the United States, as Head Master, who, after some delay, found that he could not keep his engagement. The school has now been about six months in charge of the present Head Master, and, judging from the general tone of the school and the hearty devotion of the teachers to their work, I am strongly impressed with the feeling that the Governors have been fortunate in their selection of a Head Master. Besides the ordinary instruction given in an Institution of this kind, physical training and gymnastics are well attended to; needlework is carefully taught; the elder girls are regularly employed in kitchen and dormitories, and it is intended to train them in cookery and laundry work. I am informed that freehand drawing and Slöyd woodwork will be introduced after Midsummer Vacation. House and premises, including dormitories, &c., are kept in excellent order.

"Mr. Shepperd, the efficient Assistant Secretary, afforded me an opportunity of examining all the account books and records in his

charge. All the required books are carefully and accurately kept, and there is every indication that the provisions of the scheme are faithfully complied with. Mr. Shepperd is very methodical in keeping all the records in the form prescribed, and, for his own convenience, he has devised some additional account books which save him much trouble, and tend to secure accuracy in many of the details of his work.

"House and premises are in good order.

"It gives me much pleasure to report that my anticipations with regard to the benefits likely to result from the re-organization of the School under the present Head Master have been fully realized. The separation and exclusion of each class under its own teacher by means of blackboard partitions has done much to secure the greater attention of the pupils; and the specifications of the programme, which now aim at a more progressive and continuous course of study from class to class, are very helpful to both teachers and taught. Kindergarten occupations and freehand drawing have been introduced under qualified teachers, and Slöyd wood-work is taught to a number of the elder boys. Their teacher holds a certificate of qualification, and a satisfactory commencement has been made. The teacher of needlework has recently been changed. The present Work-mistress seems both capable and energetic, and I hope to find a systematized course of instruction adopted at next inspection. The domestic establishment is in good order."

The annual public examination of the pupils, held in the Schools, on Thursday, the 17th June, was preceded by the unveiling, by the late Sir William M'Cammond, of the bust of the late Rev. John Kinghan, whose connection with the Society had extended over fifty years. The bust was subscribed for by a few of the many friends of the late Principal, and the Sculptor, Mr. W. S. Webber, of Harrogate, executed his commission in a very satisfactory manner. The bust has been placed in the entrance hall, opposite to that of the late Mr. James Shaw, who was Hon. Secretary of the Society for thirty-three years.

After a successful examination of the pupils in Scripture, History, Geography, Arithmetic, and Lip-reading, an adjournment took place to the Gymnasium, where an interesting programme was provided, after which three medals were presented by Sir William M'Cammond to the most successful of the competitors, one being won by a girl.

Sir William M'Cammond was a warm friend of the Society. He presided at the last two Public Examinations of the pupils, and in other ways showed himself to be much interested in the work of the School, so that in common with many others in Belfast, the Governors sincerely lament his death.

The Rev. Canon Crozier, D.D., upon his elevation to the Bishopric of Ossory and Ferns, resigned his position as one of the Governors, and Mr. J. J. Pim has been co-opted to fill the vacancy.

The Governors desire to record their obligations to the Honorary Secretaries and other Office-Bearers of the Auxiliaries for their continued assistance in arranging the public meetings, collecting subscriptions, &c., and their best thanks are tendered to those kind friends who hospitably entertained the deputies and pupils, and to the following clergymen who accompanied the deputations, and ably advocated the claims of the Society :—

Rev. J. Hamilton Bennett, B.A., Kilroot.
Rev. D. D. Boyle, Ballymoney.
Rev. W. P. Carmody, A.B., Layde.
Rev. W. Colquhoun, A.B., Belfast.
Rev. G. Duncan, B.A., Ballycairn, Lisburn.
Rev. W. Duncan, B.A., Killeter.
Rev. T. J. Forsythe, B.A., St. Jude's, Ballynafeigh.
Rev. G. A. Kennedy, M.A., Blackhill, Coleraine.
Rev. Thomas Kingsborough, Kildarton.
Rev. R. C. Lapham, B.A., Magdalene, Belfast.
Rev. G. P. Mitchell, B.A., Drumbo.
Rev. David Morton, B.A., Newtownstewart.
Rev. Robert M'Clean, Castlecaulfield.
Rev. George M'Farland, B.A., Belfast.
Rev. J. M. M'Ilwrath, M.A., Belfast.
Rev. G. W. Neely, B A , Pettigo.
Rev. L. P. Storey, A.B., Ardclinis.
Rev. Hans Woods, M.A., Belfast.

During the year the following legacies were received :—

The Executors of the late Rev. John Kinghan, ...	£200	0	0
Do. do. Miss Brown, Lurgan, ...	100	0	0
Do. do. Mr. George Gordon, J.P , Edinburgh,	50	0	0*
Mr. J. T. Wauchop, from the late Mr. Thompson, Strabane, ..	49	8	2

*One half of his legacy.

According to the Will of the late Principal, the interest on his Bequest is to be paid over to blind pupils on leaving school, to aid them in securing a knowledge of some trade by which they may earn a livelihood, and a separate statement showing how the interest has been allocated, will appear annually in the Report

The Governors were able to place the other legacies, with the balance brought forward from 1896, to capital account, a fortunate circumstance, as the additional interest which will accrue will about make up for a loss through a reduction of interest on an existing investment, a mortgage on land, to which they had to submit during the year, as an alternative to the mortgage being paid off.

The Governors again regret to have to report that a considerable number of deaf mutes and blind children, who ought to be at school, are being allowed to grow up uneducated, and they have called attention, as far as possible, to the fact by sending to each Protestant clergyman and dispensary doctor throughout Ulster a circular asking their co-operation in bringing under notice each case of the kind within their knowledge. So far, only two or three inquiries have resulted from the issue of over twelve hundred of such circulars.

To maintain the good work which has been carried on for so many years, the Governors again appeal to their friends and to the charitable public for a continuance of the support and sympathy which have been so kindly accorded to them in the past.

MINUTES

OF

THE ANNUAL MEETING

HELD

IN MINOR HALL, Y.M.C.A., BELFAST, ON MARCH 17, 1899.

The Chair was taken by the RIGHT REVEREND THE LORD BISHOP OF DOWN AND CONNOR.

The meeting was opened with prayer by the REV. WILLIAM DOWSE, M.A.

The Report was read by A. D. LEMON, Esq., J.P., one of the Hon. Secs.

The following Resolutions were passed unanimously:—

Moved by the CHAIRMAN, seconded by the PRESIDENT of the QUEEN'S COLLEGE—

"That the Report now read be adopted, printed and circulated, with the Treasurer's Account, and such appendix as the Governors may deem necessary."

Moved by the REV. WILLIAM DOWSE, M.A., seconded by the REV. T. A. SMYTH, M.A.—

"That this meeting desires to record its thankfulness to Almighty God for the measure of success which has attended the operations of the Society during the past year, and humbly implores His blessing on every agency which has for its object the temporal and spiritual welfare of the Deaf and Dumb and the Blind."

Moved by REV. HANS WOODS, M.A., seconded by CANON O'HARA, M.A.—

"That the following be appointed Governors for the ensuing year."

[*See Second Page.*]

Moved by A. D. LEMON, Esq., J.P., and passed unanimously—

"That the best thanks of the meeting be given to the Lord Bishop for his kindness in presiding."

The Benediction was pronounced by the LORD BISHOP.

REPORT.

THE Governors, in presenting to their friends and supporters the sixty-seventh Annual Report of the Ulster Society for Promoting the Education of the Deaf and Dumb and the Blind, are thankful to be again able to state that under the Divine blessing the work of the Society has been steadily and satisfactorily carried on.

PUPILS.

During the year 1898 twenty-one pupils left the Institution and fifteen new ones were admitted, leaving on the School roll at the commencement of 1899 84 pupils, 70 of these being deaf and dumb, and 14 blind.

For the past three years, whilst the new admissions have been about an average, the removals were unusually numerous, so many pupils having attained the age at which they were required to leave school. Many others were taken away by their parents after they had only been under training for three or four years. It is a matter of regret that, as a rule, pupils are not allowed to remain at school for more than five or six years, instead of eight or nine years, which the Government Scheme allows. Too many of them are, in fact, taken away just at the time they are capable of acquiring the most knowledge, as they would learn more during their eighth or ninth year of school life than during any two previous years of instruction.

In the United States and Canada the School course for the deaf and dumb and the blind has now been fixed at from ten to twelve years.

The Principal reports a considerable advance in the education of the pupils, that the general progress attained has been both substantial and encouraging, that the introduction of the various forms of "hand and eye" training referred to in the last Annual Report has broadened and rendered school work less monotonous, and that the number of pupils now learning "lip or speech" reading has increased from nine to twenty-five. Every child who is capable of receiving such instruction will now be taught lip reading.

Mr. Tillinghast also considers that, while the advance in general efficiency may in a measure be due to rearrangement of details in the

ol, yet it should mainly be attributed to the faithful work of xcellent staff of Teachers and Supervisors, whose average teaching ience is unusually high.

The annual examination of the schools by Mr. Gordon, the Inspector inted by the Lord Lieutenant, was held in October and November, the Governors are gratified to find from his report, which is nded, that Mr. Gordon confirms generally the favourable opinion ie schools which the Principal had formed. The Inspector :—

"There have been some changes of assistant teachers during the year, making the staff, as a whole, even more experienced and ent. These changes, together with a recent alteration in the Time- taking additional time for 'oral teaching,' have caused temporary ension of Drawing and Kindergarten occupations, which had been ccessfully taught during the greater part of the year. A revised e-table is being arranged for by the Principal Teacher, in which e subjects will be included without interfering with the time given Oral Teaching.' Slöyd work is making good progress, but I would est that a few additional benches be supplied, so as to provide for ass larger than six: and I think that a few prizes for excellence in work, and for satisfactory progress in Drawing, Kindergarten, and dlework would be usefully spent. The Needlework is carefully ht, and ample time is devoted to it, but it is chiefly, and perhaps oidably, restricted to mending, such as patching, darning, &c.

"It is not my duty, nor am I competent, to test the quality of the lar literary instruction given; but I nevertheless spent a consider- time with the several classes (both Deaf and Dumb and Blind), from what I was able to observe, I consider that the teachers are painstaking and efficient. The Principal is at present giving the or class (Deaf and Dumb) a series of lessons on 'Common Things,' with the aid of a powerful microscope, which he uses in the class, nakes these lessons both interesting and profitable.

"It gives me much pleasure to report that the Account Books are refully and accurately kept, and that I was afforded every facility examining them. I am satisfied that all the provisions of the eme are carefully complied with, and I have to add that the details ny work were rendered comparatively easy by the thoroughly sys- atic manner in which all accounts, &c., are kept.

"The surplus balance reported last year, together with an endow- nt of about £400, has been invested by the Governors in £1,100 fast Harbour Bonds.

"The exterior of the building has been pointed, and the woodwork he windows, &c., painted since last inspection.

(Signed) "J. GORDON."

The Governors intend to offer a few prizes for excellence in work, as suggested by the Inspector, and will provide additional benches for Slöyd work as they seem to be required. Only a few of the boys are of a suitable age, and have shown any aptitude for Slöyd carpentry work.

AUXILIARIES.

During the holidays the usual Deputation tour throughout Ulster was made, and a number of evening meetings were held in September, October, and November. Altogether 123 Auxiliaries were visited, and the Governors beg to tender their thanks to the Honorary Secretaries and other officers of the local Auxiliaries for the trouble taken in arranging the meetings and for the hospitality extended to the Deputations. They further desire to express their obligations to the undermentioned clergymen who accompanied the Principal and others to advocate the claims of the Society :—

GENERAL.

The annual public examination of the School was held on the 23rd June, 1898. The proceedings commenced at twelve o'clock noon, under the presidency of the Lord Mayor (Sir James Henderson), who was accompanied by the Lady Mayoress.

The several classes were examined in writing, arithmetic, Scripture, geography, and history, the pupils acquitting themselves very creditably, entirely to the satisfaction of the Chairman and the friends present. The specimens of clay modelling, Kindergarten work, and of numerous articles from the Slöyd carpentry shop, which were exhibited, showed that the pupils had made considerable progress in the manual training which had been in operation for eight or nine months.

The programme gone through in the Gymnasium also gave general satisfaction, and several of the friends present promised medals for competition at the next public exhibition by the pupils.

The Governors regret they were unsuccessful in an effort made to have a clause added to the Local Government Bill of last Session to make the education of the Deaf and Dumb and the Blind compulsory *in Ireland*, as it is in England and Scotland. They trust, however, that *the disadvantage in* this respect under which Ireland now labours will

: be allowed to continue much longer, and they will avail themselves every favourable opportunity of calling the attention of the Governnt to this important question.

Up to the 31st of December no claim had been made on the nghan Memorial Fund, but a former pupil is now being allowed 5s a ek from that Fund, pending her admission to the Workshops for the lustrious Blind.

It was necessary during the past year to expend nearly £200 on side repairs to the Building (pointing the brickwork and painting the ndow frames), and it is feared that a further considerable outlay will ve to be incurred during the current year to preserve the stonework, ich is beginning to show the ravages of time.

The following legacies, received since the last Report, are thankly acknowledged :—

CONCLUSION.

The Governors cannot conclude their Report without placing on cord the loss they sustained last December in the death of the Rev. . M. Williamson, D.D., who for over a quarter of a century was a overnor and one of the Honorary Chaplains to the Institution. Dr. illiamson attended the meetings of the Board very regularly, and ways took a deep interest in the moral and spiritual welfare of the eaf and Dumb and Blind. As one old and tried friend after another removed by death, the Governors can only trust that in the good ovidence of God other friends will be raised up to assist in carrying n the important and necessary work they are engaged in, and they elieve that the time cannot be far distant when it will be no longer ossible through apathy or a disinclination on the part of parents and uardians to send their children from home, for any Deaf and Dumb or lind child to be allowed to grow up without receiving the benefit of ich education as the Ulster Institution is capable and desirous of ffording.

For the Year ending December 31st, 1899.

WITH APPENDIX.

SOCIETY FORMED, APRIL 25TH, 1831.

Who hath made man's mouth? or who maketh the dumb or deaf, or the seeing, or the blind? have not I, the Lord? *Exodus* iv. 11.
The eyes of the blind shall be opened, and the ears of the deaf shall be unstopped. Then shall the lame man leap as a hart, and the tongue of the dumb shall sing. *Isaiah* xxxv. 5, 6.

REPORT.

THE Governors have much pleasure in presenting to their friend supporters the sixty-eighth Annual Report of the Ulster Socie the Education of the Deaf and Dumb and the Blind, being that f year ended 31st December, 1899.

PUPILS.

During the past twelvemonth 17 pupils left the Institution, s of them having completed their full school course, 19 new pupils admitted, and 2 old pupils re-admitted, leaving 85 pupils on the R at the beginning of 1900. Of these 68 are deaf and dumb a are blind. Comparing the years 1898 and 1899, the number f latter year shows an increase of 4 pupils.

The health of the children was exceptionally good during th no serious case of illness having occurred. School work was carr steadily, good progress having been made, and the advantages re from the industrial training now in operation, were conclusively p Three of the pupils obtained employment immediately upon leavi Institution, having made a good start with every prospect of bein to support themselves in a short time.

A good supply of maps, which was greatly needed, not only deaf and dumb, but also for the blind, has been provided. Ma the blind are expensive, as they have to be embossed.

The usual public examination of the Schools was held Institution on the 22nd June, the President of the Queen's C (Rev. Dr. Hamilton) kindly presiding.

The answers given by the pupils to the questions in Scr grammar, history, geography, &c., asked by the Chairman and friends present, evidenced both intelligence and careful instructio the examination of the oral class was particularly interestin encouraging. After the examination was over, prizes of the agg value of £5 15s 6d were awarded for proficiency in school wo for Slöyd carpentry, gardening, drawing, needlework, laundry, and Kindergarten, numerous specimens of work being exhibited.

INSPECTION.

The annual inspection of the Institution was not made until the 18th of December by the Rev. W. L. Berkeley, M.A., the Inspector appointed by the Lord Lieutenant in succession to the late Mr. John Gordon, M.A., whose death is much regretted. His report has not yet been received. There is, however, every reason to believe that it will be a favourable one.

OFFICERS.

Mr. Tillinghast, the Principal, attended the Biennial Conference of the National Association of Teachers of the Deaf, held in Derby last August, and read a paper on "Secondary Education for the Deaf of Great Britain." The paper was very favourably received, and led to the appointment of a committee to further consider the subject. The Governors are further gratified to be able to report that Mr. John Beattie, the head teacher in the Institution, sent in a paper on "The Teaching of Language during the First, Second, and Third Year of a Deaf Child's School Life," for which he was awarded the Braidwood gold medal of the Association. So valuable was this paper considered by the Executive of the Association that its publication was ordered for the benefit of the teachers of the deaf generally.

The condition of the Institution and the progress of the pupils conclusively prove the ability and fitness of the different officers for their respective duties, and the Governors can with confidence assert that the Society is efficiently carrying on the beneficent object for which it was established.

The matron, Mrs. Margaret Carson, retired in October last, after over twenty years of faithful and useful service, and she has been succeeded by Mrs. Money, who was selected after much careful inquiry out of 100 candidates. Mrs. Money entered upon her duties on the 12th of October, and the Governors have had every reason to be satisfied with their selection.

An instructor for the Gymnasium has been appointed in view of the increasing importance attached to physical training for deaf and dumb and blind children, and some additional apparatus has also been provided.

AUXILIARIES.

Upon the close of the School for the annual vacation at the end of June, the Deputation made their usual tour throughout Ulster, which occupied ten weeks; and during the months of September and October numerous evening meetings were held in and around Belfast. Altogether 114 Auxiliaries were visited.

The Governors again desire to tender their sincere thanks to Hon. Secretaries of the local Auxiliaries and to those ladies and gen men who support them, for their continued interest and assistance ; a also to the undermentioned clergymen who accompanied the Princi or Teachers to advocate the claims of the Society :—

Rev. J. H. Bennett, A.B., Kilroot.
Rev. Andw. Dowds, Aughavilly, Armagh.
Rev. W. S. Heron, Waringstown.
Rev. M. B. Hogg, M.A., Keady.

NEW GOVERNOR.

Mr. E. J. Charley, J.P., who had been a Governor for five ye tendered his resignation in October last, and Sir W. Q. Ewart, Bt was co-opted in his place.

CONCLUSION.

In closing this Report, the Governors desire again to call attent to the urgent necessity which exists for having the education of the D and Dumb and the Blind made compulsory in Ireland, as it has b in England and Scotland for several years past. At the present ti the Governors know of three mutes and one blind child whose pare refuse to send them to the Institution, and thus, through a mistal kindness, these children are being deprived of the opportunity receiving a suitable education.

Altogether, the good work of the Society has been carried successfully during the year, and the Governors are doing the utm with the means at their disposal for the temporal and spiritual welf of those entrusted to their care. Every Deaf and Dumb or Bli *child brought* to the Institution, who is capable of being taught, is alw *welcomed.*

REPORT.

THE Governors have much pleasure in presenting to the friends a supporters of the Ulster Society for promoting the Education of t Deaf and Dumb and the Blind their sixty-ninth Annual Report, bei that for the year ended the 31st of December, 1900.

PUPILS, SCHOOL, ETC.

During the year, 17 pupils left the Institution, of these we regret state that only six had completed their full school course. One left accompany his mother to Canada. The remaining 10 would ha greatly benefited had they been allowed to remain, as they might ha done, for another year or two; and it is much to be regretted th Parents and Guardians in their anxiety to avail themselves of t services of their children at home, or to obtain employment for them the earliest possible moment, do not exercise a little self-denial a allow them to acquire the full advantages of the excellent educati which the Society freely provides. If parents could only be brought realize the serious and lasting injury which they inflict upon th children by removing them before their education is completed, t Governors are persuaded that most of the pupils would be allowed remain at School for the full term of seven years.

13 new pupils were admitted during the twelvemonth, and at t end of the year there were 82 children on the School Roll. Of these are deaf and dumb and 19 are blind.

Applications for the admission of three other new pupils we received, but had to be held over owing to an outbreak of measles the Institution. Fortunately the disease proved to be of a very mild ty and all the children attacked made excellent recoveries.

The annual examination of the School was held on Thursday, t 21st of June, 1900, the Very Rev. the Dean of St. Anne's (Very Re C. F. D'Arcy, D.D.) presiding. The Dean commented on t intelligence shown by the children as a proof of the careful traini which had been imparted. He also distributed the prizes for efficien in class, and for kindergarten work, Slöyd carpentry, drawing, needl work, household work, etc.

INSPECTION.

The Rev. W. L. Berkeley, M.A., the Inspector appointed by the Lord Lieutenant, visited the Schools in December, 1899, and February, 1900, and reported to His Excellency as follows :—

"I have had an opportunity of examining the various books of "account, minutes, etc., connected with the administration of the "Institution and its funds. They are very neatly and carefully kept, "and all the information I required was immediately available. The "provisions of the scheme seem to be fully met, and I have satisfaction "in adding that the Governors keep in close touch with, and maintain "a regular personal inspection of the Institution.

"I have inspected this Institution, making a detailed examination "of all departments. I found the work of the School proceeding with "regularity and order. So far as I am in a position to judge the teaching "staff is in all respects efficient, and the pupils appear to take an "intelligent interest in their work. The buildings, playgrounds, etc., "are maintained in good order, and the accommodation is amply "sufficient for the purposes of the School. The usefulness of such an "Institution would, I have no doubt, be greatly increased, were the "Parents or Guardians of blind or deaf and dumb children required by "law to afford them an opportunity for a special educational training "such as it offers."

With reference to the Inspector's concluding remarks the Governors would be very glad if the education of deaf and dumb and blind children were made compulsory by law. During the year 1898, they memorialized the Chief Secretary on the subject, and they avail themselves of every favourable opportunity of calling attention to this most important question.

OFFICERS.

The Principal, Mr. J. A. Tillinghast resigned his office on the 31st of August last, as he was desirous of returning to his home in the United States. He had just completed his fourth year of service in the Institution.

To fill this vacancy caused by Mr. Tillinghast's retirement the Governors promoted the Head Teacher, Mr. John Beattie. Mr. Beattie has been in the service of the Board for thirty years. He is one of the most experienced teachers of deaf mutes in the United Kingdom, and in August, 1899, obtained the Braidwood Gold Medal of the National Association of Teachers of the Deaf, for the best paper on the "Teaching of Language during the First, Second, and Third years of a Deaf Child's School life."

Mr. E. W. Roberts from the Stoke-on-Trent Institution for the Deaf was selected out of several *candidates* to fill the vacancy on the staff;

and Mrs. Martin has been appointed Supervisor of the girls in the place of Miss White, resigned.

The general appearance, health, happiness, conduct, and progress of the pupils are evidences of the manner in which they are cared for, and the Governors are pleased to be able to testify to the ability, diligence, and attention of all the officers in their respective positions.

Two of the Governors are appointed each month to visit the Institution at such times as they please, and to make careful inquiry into the teaching given to the children, their food, and the general comfort and well being of the establishment. Their reports on these matters are laid before the Board and their suggestions are duly considered. In this way a very careful supervision is constantly maintained, which cannot fail to have an excellent influence on the management of the affairs of the Institution.

AUXILIARIES AND DEPUTATIONS.

During the Summer vacation nearly 100 Auxiliaries were visited, and after the re-opening of the School 20 Evening Meetings in the interests of the Society were held in and near Belfast.

The Governors have again to tender their best thanks to the Hon. Secretaries and other Office-Bearers of the Auxiliaries for their assistance, and their continued interest in the Society, and also to those kind friends who in so many localities hospitably entertained the Deputations. They are also much indebted to the following Clergymen who, accompanying the Principal or one of the Teachers and two pupils from the Institution, advocated the claims of the Society for public support, viz :—

Rev. J. H. Bennett, A.B., Kilroot.
Rev. D. D. Boyle, Ballymoney.
Rev. A. Dowds, Aughavilly, Armagh.
Rev. W. S. Heron, Waringstown.
Rev. R. C. Lapham, A.B., Belfast.
Rev. A. F. Mayne, M.A., Gorahwood.
Rev. R. M'Clean, Castlecaulfield.
Rev. G. W. Neely, B.A., Pettigo.
Rev. S. Simms, Belfast.
Rev. T. A. Smyth, Belfast.
Rev. Hans Woods, M.A., Belfast.

FINANCE.

The Hon. Treasurer's Statement of Accounts shows that at the close of the year 1900, there was a balance due to him of £19 8s 3d.

The expenditure was about £100 in excess of the receipts. Extensive repairs were carried out in the Buildings during the year, including the painting and colouring of the greater portion of the interior, and these necessarily entailed considerable expenditure, which however was unavoidable.

The following bequests, which have been invested, are thankfully acknowledged :—

Daniel Taylor, Esq., M.P., James H. Bellas, Esq., and John Stewart, Esq., all of Coleraine, Executors of Hugh Anderson, Coleraine	£99	0	0
David M'Kelvey, 85 Royal Avenue, Belfast, Executor of Miss Elizabeth Patton, Belfast	322	6	0
David M'Kelvey, 85 Royal Avenue, Belfast, Executor of Miss Anne Patton, Belfast	100	0	0
The late Countess of Shaftesbury, per Messrs. Torrens Sons & Bristow	100	0	0
Mrs. Mary A. M'Clure, Belfast, per John H. Peden, Esq. ...	15	0	0
John M. Cherry, Limavady, Executor of Miss Sarah Sproule	27	7	1
Rev. J. Wallace's Charities, per Commissioners of Charitable Bequests	17	6	3

GOVERNORS.

The Governors regret to have to report the removal by death of ro of their number, Mr. William Carson, J.P., and Mr. John Lanyon, .E. Mr. Carson had been on the Board since 1884, and Mr. Lanyon nce 1888. These vacancies were filled by the appointment of Mr. lexander M'Dowell and Mr. W. A. Ferrar, J.P.

CONCLUSION.

In conclusion, the Governors earnestly ask all who may read this eport to bring under their notice the case of any deaf or blind child in lster who is growing up uneducated. It is to be noted that the umber of children at present in the Institution is less than it was ten ears ago. Possibly this diminution in numbers may be explained by iere being fewer deaf and blind children in Ireland than there were in 891. The approaching Census will show whether or not this is the ase. But however this may be the Governors fear that there are too iany blind and deaf and dumb children in the Province who are being llowed to grow up in ignorance while the benefits of this Institution are)pen to them.

The Governors have done, and are doing all they can to make known the fact that they are willing and anxious to receive under their care all suitable cases. They have never refused to admit a child who was capable of being instructed, and they now earnestly ask the help of all who are interested in the welfare of this afflicted class in making known this fact throughout Ulster, and in inducing parents to make pplication for the admission of such children into the Institution where hey will be skilfully taught, and at the same time have their health and appiness carefully looked after.

God has been graciously pleased to bless the work of the Society in ie past. The Governors thankfully acknowledge His goodness, and in mble dependence on His promised help enter upon the duties of nother year.

REPORT.

THE Governors have much pleasure in submitting to their friends and supporters the following Report on the affairs and management of the Ulster Society for promoting the education of the Deaf and Dumb and the Blind, for the year ended the 31st of December, 1901.

During the year 12 pupils left the Institution and 19 new pupils were admitted. The number on the School Roll on the 1st of January last was 90, an increase of 7 for the year. Of these pupils 71 are deaf and dumb and 19 are blind. Several others could have been admitted if their parents and guardians had sent them, and no efforts were spared by the officers of the Society to induce them to do so.

The annual examination of the pupils took place on Thursday, 27th of June, 1901, the Rev. D. A Taylor, M.A. (in the unavoidable absence of the Lord Mayor, Sir Daniel Dixon, D.L.), presiding. Children of each class were examined by the Chairman and other friends present, and answered very creditably questions in Scripture, mental arithmetic, geography, history, etc., and the Blind enlivened the proceedings with singing and recitations. Prizes were afterwards given for proficiency in school work, sloyd carpentry, drawing, clay modelling, knitting, needlework, laundry work, bead and wire and brush work, the proceedings terminating with a display of exercises in the Gymnasium.

The Rev. J. H. Morton, B.A., the Inspector appointed by His Excellency Earl Cadogan, K.G., in succession to the late Rev. W. L. Berkeley, M.A., visited the School in November and December. His report has not yet been received from the Chief Secretary's office.

The only changes in the Staff during the year were caused by the resignation of the junior male teacher, Mr. John Shannon. The vacancy thus created was filled by the promotion of Mr. Stephen J. A. Paisley from the position of supervisor. His place was filled by the appointment of Mr. R. Martin who has since resigned.

As usual the Institution was regularly visited by the Governors monthly, except during the holidays, and they are able from personal observation to testify to the good and careful instruction imparted, to the kind and sympathetic treatment of the children, and to the nourishing and wholesome food provided for them.

The selection of Mr. John Beattie as Principal has been fully tified, and he has been ably supported in his work by all the sistant Teachers and supervisors. The Matron continues to devote self zealously to her important duties, and to study the welfare and ppiness of the children in every way.

The usual Deputations on behalf of the Society were made ring the months of July and August, and evening meetings in and und Belfast were held during September, October, and the early part November. Altogether 120 Auxiliaries were visited.

The Governors again desire to acknowledge their obligation to the n. Secretaries and other Office-Bearers of the Auxiliaries for their ntinued interest and assistance in the work of the Society, and also to many kind friends who hospitably entertained the deputation. They also grateful to the undermentioned clergymen, who, accompanying Principal, or Teachers, and Pupils, advocated the claims of the ciety on the sympathy and support of the Public :—

The year began with a balance due to the Treasurer of £19 8s. 3d, d closed with a balance of £33 10s. 10d. due to him. There were o two accounts for repairs amounting to £47, which were not eived in time to be paid before the close of the year.

During the twelve months investments to the amount of £3,387 11d. were paid off, and the Governors regret to say, this sum uld only be re-invested at a considerably lower rate of interest.

The following bequests during the year are thankfully acknowledged :—

George Gordon, Edinburgh (3rd instalment)	£7 10 0
Alexander Roney, Belfast	2,950 0 0
D. Walker, Creebilly, Co. Antrim	75 17 2

In conclusion, the Governors desire to impress upon their friends d supporters the absolute necessity for the work which the Society is ing. Special means have to be adopted to instruct the Deaf and mb, and the Blind, and as the Government has hitherto declined to ke the education of these afflicted classes compulsory in Ireland, parate schools, with teachers specially trained, are necessary for their truction, and public support to carry on such schools has to be ght.

Since the year 1900 in Scotland, and 1893 in England and Wales, af or Blind children in those portions of the United Kingdom have en required to *attend schools which* are partly supported out of the

Local Rates, two separate Acts of Parliament having been passed for the purpose, but the Governors regret to say that their efforts to get a similar Act passed for Ireland have hitherto been unsuccessful. The consequence is that too many parents refuse to avail themselves of the means provided by voluntary effort. Their poor children suffer accordingly, and instead of being trained to be useful and wage earning members of the community are allowed to grow up in utter ignorance, and in many cases lead very sad and miserable lives, and ultimately become a burthen on the rates.

On the 25th of April, 1901, the Society had been 70 years in existence, and during that long period 922 Deaf and Dumb, and 322 Blind Children had been under its care. As a result of the education and training received in the Institution, fully 75 per cent. of these children were able, when they left school, to earn their own living wholly or in part, and thus become useful members of society. At the present time former pupils are being employed in shipyards and mills, as basket makers, bricklayers, bootmakers, brushmakers, carpenters, polishers, tailors, dressmakers, laundresses, machinists, and domestic servants, and with very few exceptions they are, so far as the Governors know, giving satisfaction to their employers. Of the remaining 25 per cent. the greater part were unable from poor health and ailments of various kinds to undertake any work. The Governors thankfully acknowledge the support received from the public since the foundation of the Society, which has enabled them and their predecessors to help these afflicted classes in such a beneficial and practical way. They have provided 1,244 Deaf and Blind children with a good elementary education, infused much brightness into their otherwise sad lives, fitted many of them to support themselves by working at suitable trades, and above all have made them acquainted with the Gospel of the grace of God which is able to make them wise unto Salvation.

To carry on this good and necessary work the Governors confidently appeal for a continuance of the support so kindly given to them in the past.

A Report from Mr. John Beattie, the Principal, on the progress of the pupils, School arrangements, etc., is appended.

TO THE GOVERNORS OF THE ULSTER SOCIETY FOR PROMOTING THE EDUCATION OF THE DEAF AND DUMB, AND THE BLIND.

GENTLEMEN,—I have pleasure in respectfully submitting to you the following résumé of Reports that have already been presented to you in detail :—

Of the 102 pupils who have been in attendance during the year 78 have been in the Deaf School and 24 in the Blind School, 53 of them boys and 49 girls.

As might be expected varying degrees of natural ability are found mong our scholars; and judging by the standard that experience nables one to set up for these children, while there are in both schools number of pupils distinctly above the average in intelligence there is a onsiderable number as decidedly below it; and, indeed, some so eficient that they would properly constitute what is sometimes termed a fag" class.

Progress has been tested by examinations, and found steady and ell maintained. The teachers fully understand that good results can nly be attained by patient continuous effort. Many of the pupils are oung, and the subjects of instruction numerous, and while almost all of iem are anxious to learn, the older ones especially seem to appreciate ieir opportunity and are applying themselves steadily and diligently to ieir lessons.

The conduct of the children has been admirable, and there has ;en no flagrant breach of rules or delinquency of any kind calling for isciplinary treatment.

No effort has been spared to render their lives happy. Their aterial wants have been well looked after, they have had healthy :ercise for both body and mind, every legitimate freedom has been lowed them, interest taken in their games and pastimes, and there have ways been sympathy and ready help for their childish grievances or ifling ailments.

The method of instruction followed in the Deaf School is that iown as the *Combined Method;* and very satisfactory results have been :hieved in articulation and lip reading with about 30 of the pupils.

A carefully graded scheme of lessons is in use in each of the :hools.

Nine of the pupils have been day scholars, and their progress has)t been so marked as that of the resident pupils.

Physical Drill has been regularly carried out with much success.

New varieties of manual occupations have been entered upon, and idence of the utility of these preparatory industrial exercises is forth-)ming from employers and foremen under whom some of our pupils ive been apprenticed.

I think I may say there has been good and efficient work done iring the year, and I thankfully recognise God's blessing upon it, and is care over the household of the Institution.

I have the honour to be, Gentlemen,

Your obedient Servant,

JOHN BEATTIE, *Principal.*

Proposed by Sir James Musgrave, Bart., D.L., seconded by Rev. H. Montgomery, M.A.—

"That this meeting desires to express its thankfulness to Almighty God for the continued prosperity of the Society; and also to acknowledge its obligation to the Office-Bearers, Collectors and Contributors to the various Auxiliaries throughout Ulster, and to those Clergymen who so kindly assisted in Deputation work during the past year."

Proposed by Rev. D. G. Smyth, seconded by Rev. W. C. Dixon, A.B.—

"That the following be appointed Governors for the ensuing year."

[*See Second Page.*]

Moved by Mr. A. D. Lemon, J.P., and passed unanimously—

"That the best thanks of the meeting be given to the Rev. Thomas Hamilton, D.D., LL.D. for his kindness in presiding."

Meeting was closed by the Rev. H. Montgomery, M.A.

REPORT.

THE Governors of the Ulster Society for promoting the education of the Deaf and Dumb and the Blind have pleasure in presenting to the friends and supporters of the Society their seventy-first Annual Report, being that for the year ending 31st December, 1902.

PUPILS.

They are able to report a further increase of six in the number of pupils, and during the past two years the numbers have increased by 13.

On the 31st of December, 1901, there were 90 pupils on the School Roll, and on the same date last year 96. Of these 77 were deaf and dumb, and 19 were blind.

CENSUS RETURNS.

Although it is encouraging to be in a position to record this increase in the numbers, the fact remains that very many deaf and blind children who should be at school, are growing up around us uneducated. According to the Census returns there are in Ulster 154 deaf and dumb, and 31 blind children of school age, not under instruction, and allowing for the proportion of the Protestants to Roman Catholics, about 75 of these deaf and dumb, and 15 of these blind children would be Protestants. As regards the blind, it is understood the Census returns only include those persons who are totally blind, and that many who have a little sight, but not sufficient to read ordinary printed books, have been omitted. For educational purposes this is to be regretted, for any child who cannot see to read ordinary print requires to be taught in the same way as a child totally blind, and consequently needs special instruction.

ACTION OF GOVERNING BODY.

During the past three months over 1,300 circular letters have been posted to Clergymen, Doctors, Chairmen of Guardians, and others throughout Ulster, requesting their co-operation in bringing under notice the cases of deaf and blind children with a *view to their being admitted* to the Institution, and personal enquiry has been, and is still being, *pursued in* certain districts to endeavour to trace out all such children

the hope of persuading the parents to send them to school. The overnors are doing all in their power to make known the existence of e Ulster Society for the Deaf and Blind, and to extend its benefits to l who need them.

INSPECTION.

The Inspector, Rev. J. H. Morton, B.A., appointed by His xcellency the Lord Lieutenant, visited the School in September. His eport for 1902 has not yet been received from the Chief Secretary's ffice, but that for the preceding year, which was not issued in time to ppear in the Annual Report for 1901, is appended:—

"I have made a detailed examination of the several books dealing th accounts, minutes, admission and registration of pupils. The ovisions of the scheme appear to be scrupulously attended to, and the overning Body carry out a systematic visitation, by which they keep emselves well informed as to all the working of the Institution.

Every facility was afforded for my inspection, and I have pleasure referring to the admirable neatness and accuracy with which the books e kept.

After a lengthened inspection of the Institution I am able to report at it continues in a highly satisfactory condition. The teaching staff adequate and competent, and the work of the school is carried on th praiseworthy discipline. An examination of some of the classes sclosed the care which is bestowed in the various branches of the ining, while the pupils seem happy and interested in the school work.

The buildings and recreation grounds are maintained in good pair, and the internal arrangements, sanitary, dormitory, cooking etc, e proof of the efficiency of those who have charge of these departments."

January 13th, 1902. (Signed) J. H. MORTON.

INDUSTRIAL TRAINING.

The Governors are glad to be able to report that steady progress s been made by the boys in slöyd carpentry and clay-modelling, and the girls in laundry and household work, plain sewing, and the use of e sewing machine. The pupils take great interest in these employ-ents, which are arranged with the view of qualifying them to undertake eful occupations when their school days are at an end. The usual anches of kindergarten work are taught to the younger children.

The senior blind pupils are being taught basket making, and they end twice weekly at the Workshops for the Industrious Blind in Belfast, ere suitable arrangements have been made for their thorough truction.

PUBLIC EXAMINATION.

The annual public examination of the pupils was held in the Institution on the 20th June, the Rev. Thomas Hamilton, D.D., LL.D., President of the Queen's College, occupying the Chair. After an examination of the classes in Scripture and secular history, geography, arithmetic, etc., Dr. Hamilton complimented the pupils on the way they had acquitted themselves, and the Principal and Assistant Teachers on the successful results of their teaching. The proceedings included the performance by the Blind pupils of a Coronation Ode written by Mr. Dickie, their senior teacher, the music being composed by Mr. Potter, organist of the Windsor Presbyterian Church, both of whom are blind. Miss Lottie Millar, a former pupil, took part in the performance, and also sang a solo very sweetly.

VISITATION BY GOVERNORS.

The monthly visitation by one or more of the Governors was regularly carried out during the year, and the reports sent in by them were, without exception, most favourable.

STAFF.

The Principal, Matron, and Assistant Teachers continue to discharge their respective duties in a highly satisfactory manner. In their several departments all the officers study the welfare and happiness of the children in every way in their power.

DEPUTATIONS.

The Deputation tour on behalf of the Society was made during the months of July and August. It had to be completed in a shorter time than usual on account of the contemplated coronation of the King, which was fixed to take place during the last week in June, and the Meeting of the British Association in Belfast early in September, some of the members having intimated their intention of visiting the Institution. Altogether 106 Auxiliaries were visited. The best thanks of the Governor are due and are hereby tendered to all the Office-Bearers and especially the Hon. Secretaries of the Auxiliaries for the trouble they take in arranging meetings, getting in collecting cards, and assisting in many other ways, and also the following clergymen who accompanied the Deputations advocating the claims of the Society to public support:—

Rev. J. H. Bennett, A.B., Kilroot.
Rev. J. Entrican, A.B., Cookstown.
Rev. W. G. Glasgow, A.B., Dromara.
Rev D. H. Hall, A.B., Belfast.
Rev. M. B. Hogg, A.M., Keady.
Rev. T. Kingsborough, Kildarton.
Rev. G. P. Mitchell, A.B., Drumbo.
Rev. J. H. Morton, A.B., Belfast.
Rev. S. Simms, Belfast.
Rev. T. A. Smith, Belfast.

ACKNOWLEDGMENTS.

They also acknowledge their obligations to those Boards of Guardians throughout Ulster who have contributed towards the cost of the education and maintenance of children from their respective districts, and to those friends who have furnished information relative to Deaf and Blind children, which in most cases has led to their admission to the Institution.

FINANCE.

The balance of a mortgage, amounting to £1,819 19s. 2d, was paid off last June, and it is a matter of regret that the amount could only be re-invested at a considerably lower rate of interest.

BEQUESTS.

The following bequests were received during the year and are thankfully acknowledged:—

The Executors of the late Miss Dunseath	£4,881	4	9
The late Mr. Gordon (balance)	15	14	2
Mr. W. Harvey and Sir J. Haslett, Executors of Mr. A, Askin, Ballywalter	20	0	0
Mr. James Tweed and Mr. Bernard M'Keagan, Executors of the late Mrs. M. G. Cameron, Ballymoney	100	0	0

CONCLUSION.

In conclusion, the Governors desire to record their gratitude to Almighty God for the continued prosperity of the Institution and for the sympathy and support accorded to them by the public. They trust that the time is not far distant when, by the law of the land, the education of the Deaf and Blind will be made compulsory, so that these afflicted classes may be fitted, as far as it is possible, to become useful and wage-earning members of the community.

OF

THE ANNUAL MEETING

HELD IN

THE MINOR HALL, Y.M.C.A., BELFAST, ON FRIDAY, FEBRUARY 26, 1904,

AT 3.30 P.M.

The Chair was taken by the Right Hon. the Lord Mayor (SIR OTTO JAFFE, J.P.)

The meeting was opened with prayer by VERY REV. THE DEAN OF CONNOR, D.D.

The Report, with Statement of Accounts duly audited, was presented by A. D. LEMON, Esq., J.P., one of the Hon. Secretaries.

Moved by the CHAIRMAN, seconded by SIR JAMES HENDERSON, M.A., D.L.—

"That the Report now presented be adopted, printed and circulated with the Treasurer's Account, and such Appendix as the Governors consider necessary."

Proposed by the Dean of St. Ann's (VERY REV. J. J. ROBINSON, D.D.), seconded by REV. W. TODD MARTIN, D.D., D.LIT.—

"That this meeting desires to express its thankfulness to Almighty God for the measure of success which He has been pleased to grant to the operations of the Society during the past year, and recognises the necessity for continued exertion in the prosecution of the work committed to its charge."

Proposed by REV. J. H. MORTON, seconded by ROBERT JOY, Esq., J.P.—

"That the following be appointed Governors for the ensuing year."

[*See Second Page.*]

Moved by Mr. A. D. LEMON, J.P., and passed unanimously—

"That the best thanks of the meeting be given to the Lord Mayor for his kindness in presiding."

Meeting was closed by the REV. W. H. DAVIS, M.A.

REPORT.

THE Governors of the Ulster Society for promoting the Education of the Deaf and Dumb and the Blind, in presenting their Seventy-Second Annual Report, are thankful to be able to state that under the Divine blessing the past year has been one of great encouragement in the prosecution of the beneficent work for which the Society was founded.

PUPILS.

On the 1st January, 1903, there were 96 pupils on the School roll, and during the twelvemonth 23 children were admitted, making a total for the year of 119 who received the benefits of the Institution; 18 pupils left School during the year, either to take up employment or to return to the homes of their parents, leaving 101 in actual attendance at the beginning of this year, of whom 79 are deaf and 22 are blind. The number of new admissions last year was the largest that we have had for twelve years, and this increase is all the more satisfactory following, as it did, increases both in 1901 and 1902. The personal inquiries and other means taken to trace out deaf and blind children of school age all over the province, to which reference was made in the last Report, were, therefore, fairly successful; yet the fact remains that not a few of such afflicted children, who ought to be in the Institution, are kept at home owing to the refusal of the parents to send them. Hence the urgent necessity for continued exertions to procure their attendance. This matter will not, however, be placed upon a proper footing until the education of such children is by law made compulsory in Ireland as it is in England and Scotland.

PUBLIC EXAMINATION.

The annual public examination of the School was held in the Institution on the 1st of April last, the President of the Queen's College (Rev. Thomas Hamilton, D.D., LL.D.) presiding. The pupils were examined in geography, history, arithmetic and Scripture, and their answering gave conclusive evidence of the care bestowed upon both their religious and secular education. The blind pupils also sang and gave some recitations.

INSPECTION.

The Rev. J. H. Morton, B.A., the Inspector appointed by His Excellency the Lord Lieutenant, visited the Institution in November, and afterwards reported as follows :—

"I have found all the departments of this excellent Institution in admirable order and the details of the scheme carefully carried out.

"The Governors continue to devote much time and thought to the welfare of the Institution. I concur in their recommendation that the provisions of the law for the compulsory education of Deaf and Dumb and the Blind, already operative in England and Scotland, should be extended to Ireland.

"The various books were submitted for my inspection by the Assistant Secretary, who takes a justifiable pride in the accuracy and neatness with which they are kept.

"A gratifying increase in the attendance has marked the past year, and is much appreciated by the capable Principal and his competent assistants. While good order prevails in the various classes, yet the work of the School would be conducted more satisfactorily if some extra class rooms were available. The domestic arrangements manifest the watchful care of the Matron, whose supervision of the home life of the pupils conduces much to their contented appearance.

"The buildings are in good order, and all needed repairs are generously executed by the Governors.

J. H. MORTON."

17th November, 1903.

With regard to the suggestion of the Inspector that additional class rooms should be provided, the Governors have not overlooked the question, but they have hesitated to incur the considerable expense which would be involved in making the necessary structural alterations in the building to provide these class rooms, until the Government have definitely stated their intention in the matter of the compulsory education of the Deaf and Blind in Ireland.

DEPUTATIONS.

The annual deputation tour throughout Ulster, on behalf of the Society, was made during the months of July and August, and subsequently meetings were held in and around Belfast. Altogether 103 Auxiliaries were visited and 97 meetings were held.

Some of these meetings were not quite so successful as formerly, and collectors and friends of many years' standing have expressed the opinion that this was owing to the visits of agents from other societies connected with the Deaf and Blind, and have stated that frequently, when calling upon subscribers, they have been met with the answer, that

subscriptions had already been paid to *the Collector from Belfast.* The Governors are, therefore, forced to the conclusion that, owing to the multiplicity of kindred agencies, some confusion on the subject has arisen in the public mind, and that contributions have been unintentionally diverted from this Society. They desire it to be known that they have no paid traveller or collector in the Province, and that their collections there are made by cards, placed in the hands of collectors known and resident in the localities where subscriptions are sought.

They further deem it necessary to remind the public that the Society receives children from all Protestant denominations, and scrupulously endeavours to train them in the doctrines, and bind them to the church, of their fathers.

The Governors hope that the position of the Institution will be clearly understood by its friends and supporters, and, while they must rejoice at the success of any efforts on the part of others to promote the well-being of this afflicted class of our community, they hope the fact will always be borne in mind that, without such early training as is given in the Ulster Institution, other undertakings on their behalf must be comparatively unsuccessful.

The Governors desire again to tender their warmest thanks to the Honorary Office-Bearers of the several Auxiliaries who continue to manifest such practical interest in the work of the Society, and to those kind friends, in many localities, who hospitably entertained the Deputations, and in this way added to the pleasure of their visits, while it economized the Society's funds; also to the following clergymen who accompanied the Principal, Mr. Richardson, or Mr. Roberts, to recommend the work to public support, the Governors acknowledge their deep obligation :—

Rev. J. H. Bennett, B.A., Kilroot.
Rev. W. C. Dixon, B.A., Knockbreda.
Rev. A. Dowds, Aghavilly, Armagh.
Rev. R. J. Entrican, B.A., Cookstown.
Rev. M. B. Hogg, M.A., Keady.
Rev. T. Kingsborough, Kildarton, Armagh.
Rev. J. H. Morton, B.A., Belfast.
Rev. R. M. M'C. Gilmour, Ballymena.
Rev. T. A. Smyth, Belfast.

OFFICERS.

The Governors have pleasure in testifying to the efficient and sympathetic manner in which the Principal continues to carry on his work; to the labours of the Teachers, who have so harmoniously co-operated with him; and to the Matron's efficient management of the household, and kindly care of the children. Nor can they omit to mention the deep and heartfelt interest taken in the work of the Society by the Assistant Secretary (Mr. Sheppard) and his incessant labours on its behalf.

FINANCE.

The Governors thankfully acknowledge the following bequests, which have been received during the year :—

Mr. J. M'Sparron, per Messrs. Anderson & Co., Coleraine	£49	0	0
Mr. A. Roney, Belfast (3rd instalment)	321	17	9
Mr. W. Busby, Belfast	19	19	0

As already stated, the subscriptions from the Auxiliaries are this year less than the average, but the precise amount of the reduction cannot be given, as several returns have not yet been sent in. The deficiency would have been larger but for a substantial increase received from a few of them.

PRINCIPAL'S REPORT.

The Governors submit the following Report from the Principal :—

"GENTLEMEN,—I am happy to be able to report that the health of the establishment during the year has been good, though a number of the pupils are constitutionally weak and undersized, as well as extremely dull in intellect. In some Institutions such applicants would not be received, but these are the very children who most need the benefits of a well-ordered home, and the special methods of instruction that your Institution provides. Every effort has been made to afford the children individual care and render them all the kindness and consideration they might have received at home. Under Providence, their healthy condition may be regarded as due to the unceasing attention and careful nursing which they receive. Contrary to what might have been expected, several of them returned to School, after the Summer holidays, possessing apparently much less vitality than when they went away. Their conduct and industry have been quite satisfactory, and, in almost every case, substantial progress may be reported.

"Owing to the unusually large number of admissions during the year, some further assistance became necessary. This want was met by increasing the Teaching Staff, and at the same time dispensing with special supervisors and distributing the out-of-school duties among the Teachers. I am pleased to say this arrangement is working well in every respect.

"Technical instruction for a number of our Blind, manual training for our Deaf, and physical drill for all, have been carried on with good results; and the Teachers have rendered efficient assistance and manifested considerable interest in the games, pastimes, and general *well-being of the Pupils.*

"It is a cause for much regret that parents are still disposed to remove their children from school long before they have received sufficient instruction. Separated from them, and perhaps paying a trifle towards their maintenance, they are slow to understand the special value of a good education to the deaf all through life, and are reluctant to grant, for a far more extensive and difficult work, as much time as they freely allow for the education of their hearing children. It is to be hoped that legislation will ultimately set this matter right.

I am, Gentlemen,

Your obedient Servant,

JOHN BEATTIE, *Principal.*"

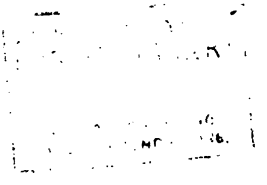

CONCLUSION.

The Governors desire it to be known that they are glad at all times to receive information about deaf and blind children of school age, with the view of having them admitted to the Institution. They have, in a great measure, to rely upon the Hon. Secretaries of the Auxiliaries to bring the cases of such children under notice. A deaf or blind child, capable of being taught, is never refused admission.

To the continued sympathy and support of the benevolent people of the Province they once more earnestly recommend the Ulster Society for promoting the Education of the Deaf and Dumb and the Blind.

Deputation Car in use for about 50 years (1845-1895), known throughout Ulster as the "Deaf and Dumb" Car.

OF

THE ANNUAL MEETING

HELD IN

MINOR HALL, Y.M.C.A., BELFAST, ON THURSDAY, FEBRUARY 23, 1905,

AT 3-30 P.M.

The Chair was taken by the Rt. Hon. Thomas Sinclair, P.C., D.L.

Meeting was opened with prayer by Rev. CANON RIDDALL, D.D.

The Report, with Statement of Accounts, duly audited, was read by A. D. LEMON, Esq., J.P., one of the Hon. Secretaries.

Moved by the CHAIRMAN, and seconded by E. PLATT-HIGGINS, Esq.—

"That the Report which has now been read be adopted, printed and circulated, with the Treasurer's Account, and such Appendix as the Governors consider necessary."

Proposed by the Dean of St. Anne's (Rev. J. J. ROBINSON, M.A.), and seconded by Rev. JOHN IRWIN, M.A.—

"That this meeting desires to express its gratitude to Almighty God for His manifest blessing on the work of the Society during the past year, and to thank the Deputies, Hon. Secretaries, Collectors and Subscribers in the various Auxiliaries throughout Ulster for their continued interest and support."

Proposed by Rev. J. A. WILSON, M.A., and seconded by Rev. W. C. DIXON, B.A.—

"That the following be the Governors for the ensuing year."

[*See Second Page*]

Moved by Mr. A. D. LEMON, J.P., and passed unanimously—

"That the best thanks of the meeting be given to the Right Hon. Thomas Sinclair for presiding."

Meeting was closed with prayer by Rev. WILLIAM PARK, M.A.

REPORT.

THE Governors of the Ulster Society for Promoting the Education of the Deaf and Dumb, and the Blind, in presenting to the members and friends their Seventy-Third Annual Report, being that for the year ended 31st December, 1904, have again the pleasure of being able to state that during the past twelve months there has been a satisfactory increase in the number of children under instruction.

PUPILS.

Nineteen new pupils were admitted during the year, and ten left. Five of these latter are at work, four are being usefully employed in their homes, and one had to be sent back to his parents, as after a trial of three months he proved to be ineligible. (An effort is being made to get this child into the Stewart Institution, Dublin.) Altogether 121 children were benefited during the year, and 111 were on the School Roll on the 1st of January, 1905. On the same date four years ago only 82 children were in attendance, and the number now receiving the advantages the Society offers is larger than it has been for thirteen years. Of the 111 children, 87 are deaf and 24 are blind.

It may be considered worthy of notice that in the past the numbers of deaf boys and girls at School have been about equal, but recently there has been a marked increase in the number of deaf boys, who at the present time number 55 as compared with 32 deaf girls. According to the last Census Returns the deaf males of school age in Ulster were only slightly over 10 per cent. in excess of the deaf females.

PUBLIC EXAMINATION.

A most successful public examination of the School was held in the Institution, on Wednesday, 29th June, the Very Rev. the Dean of St. Anne's (Rev. J. J. Robinson, M.A.) presiding. The pupils were examined in Scripture, History, Geography, and Arithmetic. The blind

pupils sang and gave a recitation. The Dean observed that "the "children had given a most remarkable illustration of what loving care "and diligent attention could do, and he congratulated the Principal "and his Assistants on the amount of knowledge they had been able "to impart."

OFFICERS.

The Governors have further to report that all the Officers of the Institution continue to discharge their several duties satisfactorily. They give as far as possible individual attention to the children under their charge; and to the constant care and attention of the Physician, Principal, and Matron may, under the divine blessing, be attributed the happy condition and good health of the children.

INSPECTION.

Owing to the regrettable illness of Rev. J. H. Morton, B.A., the Inspector appointed by His Excellency the Lord Lieutenant, the inspection of the Schools could not be made before the end of the year 1904, and his report has not yet been received from the Chief Secretary's Office.

DEPUTATIONS.

During the summer and autumn over 100 of the Auxiliaries in Ulster were visited by deputations. With a few exceptions the meetings held were well attended, and interest continues to be manifested in the absolutely necessary work of the Society. The Governors desire to tender their thanks to the Hon. Secretaries, and all the Office-bearers of the Auxiliaries for their active sympathy and help, and to the following Clergymen, who accompanied the teachers and pupils, for their valued assistance in advocating the claims of deaf and dumb children to a share of public support :—

Rev. J. H. Bennett, B.A., Rector of Kilroot.
Rev. J. M. R. Dale, Mountnorris.
Rev. W. C. Dixon, B.A., Knockbreda.
Rev. John Entrican, B.A., Cookstown.
Rev. W. G. Glasgow, B.A., Dromara.
Rev. D. H. Hall, B.A., Magdalene Church, Belfast.
Rev. M. B. Ilogg, M.A., Rector of Keady.
Rev. T. Kingsborough, Rector of Kildarton.
Rev. S. Simms, Belfast Bethany Church.
Rev. T. A. Smyth, Great Victoria Street Church, Belfast.

PRINCIPAL'S REPORT.

GENTLEMEN,—I am pleased to be able to report that during the past year the course of business in the Institution has been orderly and progressive, and the happiest relations have continued to exist amongst all the members of the establishment.

The Teachers and other Officers have been faithful in the discharge of their duties, and kind and sympathetic towards the pupils, while the latter on their part have been confiding and respectful towards those placed over them.

The new dormitory fitted up at the girls' side of the house, the appointment of a special attendant for the little children, the additional wardrobe accommodation provided, and the introduction of drinking water from the mains are improvements worth mentioning, and add much to the comfort of the inmates.

That the health of the household has been generally good, during a period in which there has been a considerable prevalence of disease in the City, is a matter for special thankfulness.

The children have regularly attended their respective places of worship, and the practical training of them in morals and religion has been steadily kept in view. Efforts to foster their sense of honour and responsibility have not been unfruitful, and decided improvement in conduct and character can be reported in a number of cases where it was most needed. While there has been no laxity of discipline, neither has there been any occasion for the stringent exercise of it. The pupils have shown themselves willing and obedient, and fairly industrious, and have all made satisfactory progress in their studies—except a few feeble-minded, and a few of the day scholars, whose attendance has been most irregular.

Carefully ordered schemes of literary, manual, and technical instruction have been followed, while physical drill, swimming, and other recreative exercises have received due attention. Means and materials for new games and amusements have been provided, and the children encouraged to engage in suitable pastimes. They have also had a weekly walk-out, and have enjoyed a number of outings to exhibitions, entertainments, and round the shops of the City.

From intimations already received I regret to say we shall probably lose a large number of our pupils by the end of the present term. Many of these will have been less than five, and a few less than three, years under instruction. These brief periods of school life compare badly with the nine years compulsory attendance in England and Scotland. Parents do not seem to understand the nature or difficulties of their deaf children's education, nor the long years of schooling that are necessary for even moderate attainments in their case. The child's

natural desire to be done with lessons and the restraints of school life appears, in many cases, to decide the matter. To allow this is surely weak and foolish, if not really unkind on the part of the parents. The contract entered into on the admission of a pupil provides for a *minimum* of years during which tbe child shall remain at school, and, under present circumstances, I would respectfully suggest that the time may have come when its provisions should be more strictly enforced than heretofore.

I am, Gentlemen,

Your obedient Servant,

JOHN BEATTIE, *Principal.*

FINANCE.

The following legacies were received during the year, and are thankfully acknowledged, viz. :—

The late Mr. M. O. Jones, Lisgoole Castle, Co. Fermanagh, per Rev. Canon O'Leary, Kesh, ...	£1,325 8 5 32 6 8
The late Mr. James Gray, J.P., Hazelbank, Whitehouse,	1,000 0 0
The late Mrs. Jane M'Neice, Belfast, ...	138 2 8
The late Mr. Wm. Robb, Coleraine, per Mr. Hugh Eccles, ...	20 0 0
The late Countess of Shaftesbury, per Mr. T. H. Torrens, J.P. (balance)	55 1 8
The late Mr. George Gordon, J.P., Edinburgh (balance of)	2 10 10

These sums (with the exception of £22 10s 0d) were duly invested in accordance with the rules laid down by the Commissioners of Education for Endowed Schools. The expenditure for the year exceeded the ordinary income by £13 0s 0d.

CONCLUSION.

The Governors cannot conclude this Report without expressing the deep sense which they entertain of the great loss they and the Society have sustained during the year by the removal by death of two of their number, viz., Sir James Musgrave, Bart., D.L., and Mr. Henry Hugh M'Neile, D.L.

Sir James Musgrave had been a member of the Board since 1889, and for many years took a lively interest in the work of the Society.

Mr. H. H. M'Neile joined the Board in 1855, in succession to his father, Mr. John M'Neile, who was one of the original trustees of the Society. His long experience, extending to almost half-a-century, in the management, rendered his advice and suggestions most valuable, and he took a chief part in shaping the working of the Society. He was a most generous contributor to its funds, and a very regular

attendant at the monthly meetings of the Board so long as his health and strength permitted. Through the lamented death of these two gentlemen the cause of the deaf and blind in Ulster has sustained a serious loss.

To fill these vacancies on the Board the Governors have co-opted Mr. Henry Musgrave, of Drumglass House, Belfast, and Mr. John Mitchell, J.P., of Olinda, Craigavad.

The Governors would again commend the Society to the sympathy and support of the Christian people of the Province. But for its existence deaf and blind children in the North of Ireland would grow up uneducated. They trust that the time is not far distant when the Government will do for these afflicted classes in Ireland what they have been doing for deaf and blind children in England and Scotland for the past twelve years.

NOTICE.

Special attention is requested to the following :—

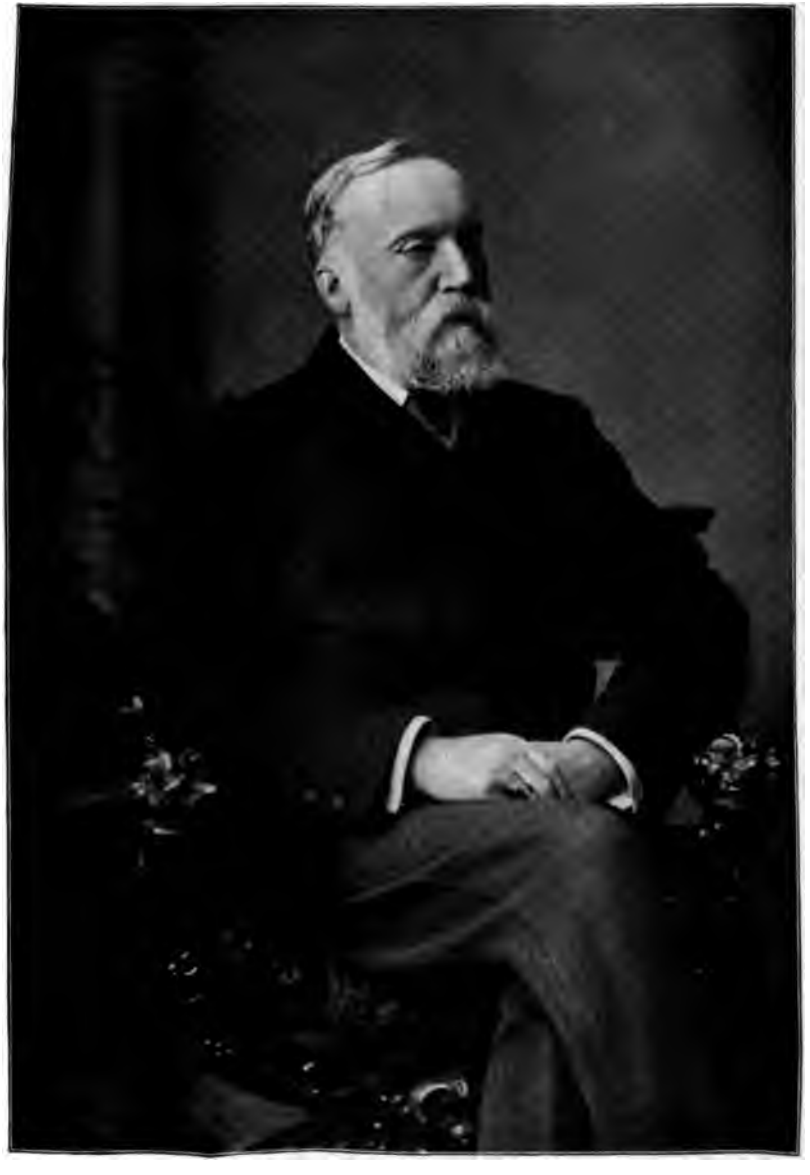

1. All authorised Collectors are known and resident in the neighbourhood where subscriptions are solicited.
2. The names and amounts are entered upon cards bearing legibly the words *.....**Auxiliary to the Ulster Society for Promoting the Education of the Deaf and Dumb, and the Blind.**
3. Collectors for other agencies, who also use Collecting Cards, are abroad, but the cards are easily distinguishable.
4. The Society employs no special or paid Collector in the Province.
5. One impostor is known to be making the rounds of the country and collecting ostensibly for this Society. Notice of his whereabouts will oblige.
6. The Governors, therefore, trust subscribers and friends will see that subscriptions intended for this Society are only given to local collectors presenting cards issued from this Institution.

*On this line is written the name of the Auxiliary.

REPORT

THE Governors of the Ulster Society for Promoting the Education of the Deaf and Dumb and the Blind have much pleasure in presenting to their friends and supporters the following report for the year ended 31st December, 1905, being the seventy-fourth Annual Report of the Society.

Pupils. Although on the 1st of January last the number of pupils on the School Roll was 4 less than on the corresponding date in 1905, yet the total number of children benefited during the past twelve months was the largest since the year 1894. The reduction in the numbers was due solely to the removals being 6 above the average, and this is a matter for deep regret, as several of the pupils were taken away only imperfectly educated, before they had completed the ordinary school course, and consequently the groundwork of a sound elementary education, which had been imparted with patience, perseverance, and care, could not show the result it would have done had these young people been kept at school for a reasonable time.

Numbers for the year. The numbers for the year were as follows:—

On the School Roll on 1st January, 1905, ...		111
Admitted during the year		20
		131
Removals	23	
Died	1	
		24
On the School Roll 1st January, 1906		107

Of these 79 are deaf and 28 are blind.

Annual Inspection.

The Schools were inspected on the 15th December by the Rev. J. Knowles, B.A., the Inspector appointed by His Excellency the Lord Lieutenant, but his report has not yet been received from the Chief Secretary's Office.

Inspector's Report for 1904.

The report of the late Inspector, Rev. J. H. Morton, B.A., for the year 1904, which was received too late to be included in the Society's report for that year, is appended. It is, as will be seen, very satisfactory.

"I have nothing but praise for the administration of this excellent charity, in the welfare of which the Life-Governors continue to take a deep interest. The provisions of the scheme are strictly carried out; and the various books are kept with the neatness and accuracy which characterise the Assistant Secretary.

"The past year shows a larger attendance of pupils, which might yet be further increased were greater facilities offered for gathering in the class for whose benefit the School is specially designed. The appearance of the pupils affords evidence of the wise and kindly supervision exercised by the Principal, the staff of Assistants, and the Matron. The buildings are in good repair; and additional dormitory accommodation recently provided facilitates the domestic arrangements of the Institution.

J. H. MORTON, *Inspector.*"

February 27, 1905.

Annual Public Examination

The annual public examination of the School was held in the Institution on 29th June, the Rev. D. A. Taylor, D.D., one of the Governors, presiding, and the pupils acquitted themselves to the entire satisfaction of all present. The questions put by the Chairman and members of the audience in Scripture, history, geography, mental arithmetic, etc., were very correctly answered by the children, who thus conclusively proved that they had earned the prizes which were subsequently distributed to them.

Exhibition of work.

There was also exhibited in the Schoolroom a varied and interesting selection of work done by the pupils, including specimens of sloyd carpentry, modelling in clay, and brushwork by deaf boys; bead and wire work by the blind; plain and fancy needlework and samples of work on the sewing machine by the girls; and various kinds of kindergarten occupations by the younger children.

Annual Christmas Treat. The Governors were pleased to note that this year the public largely availed themselves of the occasion of the Christmas treat to the children to visit the Institution. Festivities suitable to the season were very successfully carried out, and may be regarded as a fitting close to a happy and successful year in the life of the Society.

Deputations. During the Summer and Autumn Deputations visited 119 of the Auxiliaries, and with some exceptions, due to local circumstances such as markets and fairs, the meetings were very encouragingly attended.

Auxiliaries. The best thanks of the Society are due and are hereby tendered to the office-bearers in the several Auxiliaries, who from year to year take so much trouble to arrange meetings, collect subscriptions, and forward the annual returns.

Deputation Clergymen. The Society also desires to acknowledge its deep obligation to the following clergymen who, at very considerable labour and inconvenience, accompanied the Principal, Teachers, and Pupils, and so earnestly and successfully advocated its claims, namely :—

Rev. J. W. Auchmuty, B.A., Portadown.
Rev. J. H. Bennett, B.A., Kilroot.
Rev. W. C. Dixon, B.A., Knockbreda.
Rev. J. Entrican, B.A., Cookstown.
Rev. J. W. Gibson, M.A., Belfast.
Rev. W. G. Glasgow, B.A., Dromara.
Rev. M. B. Hogg, M.A., Keady.
Rev. T. Kingsborough, Kildarton.
Rev. R. C. Lapham, B.A., Lisnaskea.
Rev. S. J. Parke, B.A., Manor Cunningham.
Rev. S. Simms, Belfast.

Officers. There has been no change in the Staff during the year, and the Governors have satisfaction in stating that all the Officers have discharged their duties in an able, diligent, and sympathetic manner, and are doing their part in carrying on the great work for which the Society was established.

Class rooms. A division of the Schoolroom into class rooms has been effected at a cost of £120, and this alteration has been welcomed by the Principal and teachers, and is proving of much assistance to them in their work.

Bequests.

The Governors thankfully acknowledge the payment to the Hon. Treasurer, Thomas Montgomery, Esq., D.L., of the following bequests:—

Executors of the late Viscount Massereene and Ferrard ...	£100	0	0
Executors of the late Miss Juliana Lyons	89	1	11
Executors of the late Miss Jane Service (Dunmurry) ...	10	0	0

Bill for the better Education of Afflicted Children in Ireland.

The Governors viewed with great satisfaction the action of the late Government in introducing into Parliament a Bill to make better provision for the Elementary Education of Afflicted Children in Ireland. Unfortunately the Bill, after being read a second time, was dropped, but a beginning having now been made in this most important matter, it is hoped that at no distant date a similar Bill will be introduced and passed, and that deaf and blind children in Ireland will at length be afforded the same advantages which these afflicted classes have enjoyed in Scotland since 1890, and in England and Wales since 1893.

Oral v. combined system of Instruction.

The Governors think they ought not to close their report without a brief reference to a correspondence which appeared in the local press last December relative to the advantage or otherwise of teaching deaf children solely by means of the oral system. The question is not a new one, but, after careful consideration and long experience, they firmly believe that the combined system which is followed in this Institution gives the best permanent results, and therefore intend to adhere to it.

The Ulster Society for promoting the Education of the Deaf and Dumb and the Blind has a long record of useful and beneficent work, and with God's blessing, and the continued support of the benevolent people of the Province, the Governors trust that the Society's work in the future will not be less fruitful than it has undoubtedly been in the past.

The following is the PRINCIPAL'S REPORT for the year:—

GENTLEMEN,—I have much pleasure in laying before you the following brief report of the work carried on within your Institution during the year 1905.

As regards the progress of the pupils in the various courses of instruction, their conduct, moral training, physical exercises, the care bestowed upon them, the aims and efforts of the teachers on their behalf, and the general routine observed in the establishment, I can speak with satisfaction and confidence. The words of my last report speaking of such matters might very fittingly be used on the present occasion.

I am thankful to be able to report that, on the whole, the health of the children was good. Suitable instruction, occupations, exercises and games, with congenial company, and careful supervision, have certainly rendered their lives much happier in the Institution than they could possibly have been at home. Letters and expressions of satisfaction and gratitude have been received from parents and guardians recognising this fact.

As was anticipated an unusually large number—no fewer than twenty-four—left school during the year, but it is right to say that four of these were children deficient in intellect who had only been in the Institution on trial. Eight of those who left found trades and occupations in the city, while nine others, of whom six are, I understand, usefully employed, returned to their homes.

The class-rooms fitted up during the Summer vacation were much needed, and are now proving of very considerable advantage in the work of instruction.

The system of instruction pursued in the Deaf School continues to be the Combined Method. It is the only one of the recognised systems which necessitates neither sacrifice nor neglect of any single child's education, no matter how different the pupils may be in station, age or intellect. The Pure Oral is too exclusive to meet the requirements of all the deaf. It finds its best sphere of usefulness in the case of the single pupil, the small private class, with children who once heard and spoke in the natural way, or in the case of those specially talented congenital deaf who can look forward to a long period of school life. Unless circumstances are favourable and the method is judiciously used, it tends to waste time that might be better employed, and to set too high a value upon mere speech apart from the sense of the words spoken. The Silent Method appeals more quickly to the deaf child's intelligence, and with fair conditions gives excellent results in every case, but the sole use of it would deprive those pupils who have an aptitude for articulation and lip-reading of something they are justly entitled to receive. I believe, therefore, that the Combined Method is wisely followed in your Institution; and at the present time nearly half the number of the deaf pupils are receiving instruction by means of articulation and lip-reading.

I remain, Gentlemen,

Your obedient Servant,

JOHN BEATTIE, *Principal.*
